AJL 2-1

AJL: 2-2 Please explain how your company calculated the maximum and minimum rates for each of your proposed services.

The rates provided are simply place holders until the interconnect agreement is negotiated and at such time we will undertake the process of creating actual rates.

AJL 2-3 Please indicated why you believe your proposed range of rates is just and reasonable using a competitive market analysis. Your analysis may contain publicly available examples of rates charged the incumbent or other carriers for similar services or any other information that you believe demonstrates that your proposed rates are just and reasonable. Please include any supporting materials. For a list of telecommunications carriers certificated in Arizona, go to www.cc.state.az.us/utility/utility; for a list of Commission-approved telecommunications rates and tariffs, or to www.cc.state.az.us/utility/tariffs.

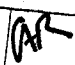

Proposed rates will be based on negotiations when securing an interconnect agreement.

AJL 2-4 Please indicate why you believe your proposed range of rates is just and reasonable using a fair value or cost basis. Please include economic justification or cost support data. Please include any supporting materials.

Pending negotiations
